

ROADS TOO BAD FOR BIG 'HKE'

Gen. Bell Calls Off Troop Movement to Mescalero Till Next Week.

Because of the heavy rains which have made the roads between El Paso and Alamogordo practically impassable, Maj. Gen. George Bell, Jr., commanding the United States troops in the El Paso district, has postponed the "hike" of various units of the army to the Mescalero Indian reservation. He has arranged to have artillery regiments leave Thursday morning. The artillery was to have been followed by infantry, mounted engineers and practically every branch of the service represented here.

Roads Bad For Guns. Reports received at district headquarters Thursday from Alamogordo were to the effect that the roads there were flooded and in many places washed out and it would be impossible for artillery to be sent to the reservation from Alamogordo. The "hike" may be started Monday or Tuesday next week. More than 2000 men will take part in it. No camp will be established during the hike for a longer period than one day.

WORTH MORE THAN THOUSAND DOLLARS, SAYS

Edwards Gains 21 pounds on Tanlac and his health has been restored.

"I have gained twenty-one pounds and I feel like a new man," said Ed Edwards, 23, of 1212 E. 12th St., Denver, Colo., a few days ago. Mr. Edwards is a mechanic for the Union Pacific railroad.

"Last fall," continued Mr. Edwards, "I took a trip up in the country on a big truck, then I had to walk nearly thirty miles in the rain and mud. From this I contracted grippe and I certainly had an awful time. I kept going down until finally I had to give up and was confined to my bed for forty days. I had to cut out eating entirely and for a month I lost weight. I had no sleep and I hardly knew what sleep was and more than half the time I had to get up in the night. I had a headache and such a terrible cough that I began to think my lungs were affected. No kind of medicine did me any good.

"I have taken four bottles of Tanlac and have now lost 21 pounds. I wouldn't take a thousand dollars for the good these four bottles have done me. My appetite is fine and I can eat and digest just anything I want. I sleep like a baby and my strength has increased until I can do any kind of work that comes to hand. Tanlac has done more for me than I feel almost compelled to praise it and I know several people taking it now on account of what it has done for me."

Tanlac is sold in El Paso by Kelly & Foland Company, Inc., under the personal direction of a special Tanlac representative.—Adv.

Don't let skin trouble spoil your good time

Resinol

heals sick skins

"I can't have any fun! I am such a right with this eczema that people avoid me wherever I go. And the itching torments me so that I don't get any peace, anyhow."

Don't be discouraged! Even in severe, well-established cases, a few days' treatment with Resinol Ointment, rubbed in twice a day, usually relieves the itching at once and quickly clears the eruption away.

Resinol is the most effective skin treatment. It is sold in El Paso by Kelly & Foland Company, Inc.

CAMP BOWIE'S NEARLY READY

Training Places for the El Paso Companies Open by Saturday, Report.

Fort Worth, Texas, Aug. 16.—Announcement was made today that Camp Bowie will be ready to take care of a regiment of at least 1800 men of the Texas national guard by Friday or Saturday next week. It may be that the first contingents will arrive by that time and be stationed along the Arlington Heights boulevard, opposite H. Mount.

All soft drink stands, amusements and other recreation features now in operation at the big camp, or considered, must be approved by the recreation committee of the war service board formed here. This action has been taken to make all venues comply with the pure food laws. Officers of the county and army will see that the recreation features are carried out.

Railroads Bring Supplies. Spur tracks of the Frisco and the Texas & Pacific railroads have been laid into the camp and the first storage of supplies for the army has begun. Capt. H. S. Baker, construction quartermaster, said that he had orders to build a base hospital to accommodate 1000 men. Six truck lines for the water mains have been laid in the trenches waiting, which insures city water for the camp.

Between 10,000 and 120,000 horses and mules will be held in the region. Work on the curbs has been started.

Col. A. C. Quessett, of the First Texas Infantry, to which the new El Paso units are assigned, is a San Antonio organizer of the headquarters outfit. Lieut. Col. Herbert E. Stevenson, of El Paso, is also there.

HOME DEFENSE LEAGUE STARTS

Burt Orndorff Heads It; Committee Will Present Bylaws and Rules.

Preliminary organization of the home defense league was carried out at a meeting of 35 representative El Paso men Wednesday afternoon, when they met at the chamber of commerce at the call of police chief B. J. Zabriskie and elected a board of directors and a committee on regulations. Burt Orndorff was chosen temporary president and Jack Jandis, secretary. Friday night the directors and committeemen will meet in the city hall to pass upon applications for membership, more than a hundred of which have been received.

The meeting was called in order by Orndorff, who explained the plan and aim for a defense league, which, he said, would be a second line of defense for the city. It would be a body of acceptable men, unaffiliated, nonpartisan, open to laboring men and capitalists alike. Every representative citizen will be asked to join the league, the chief said, and committees will be formed in every manner all over the city and have drills.

Former Sheriff a Speaker. Mr. Schwartz agreed with the suggestions of Mr. Zabriskie and asked former sheriff Preston J. Edwards to tell of his experience when at the head of the county's peace officers, which he did, explaining the former times that had been formed during the border troubles.

J. J. Kaster spoke in favor of the defense league plan. Appointed as directors were Mr. Kaster, Mr. Edwards, Mr. Schwartz, Mr. Carter, Roy T. Harman, C. Jack Henry, Charles A. Kinsie, S. E. Patton, J. A. Krakauer and R. Silberberg. The committee on bylaws committee is composed of Messrs. Edwards, Silberberg, Carter, Kinsie and Krakauer. The chief of police, chief Orndorff and the secretary were included in the directors' board.

Wants Army Job; Says Cooked Wedding Dinner for A. P. Coles and Wife

Among the applications to Burt Orndorff, Hotel Sheldon, for a position as cook at the army cantonment, San Antonio, was W. A. Rogers, now of El Paso, Texas, who was chef at the old El Paso hotel 20 years ago and among his recommendations he mentioned cooking the wedding dinner for Mr. and Mrs. A. P. Coles, 800 Macfadden avenue, 21 years ago.

Mr. Orndorff is taking applications for service as cooks, and is anxious to get in touch with more men who are competent cooks. Mr. Orndorff has sent 400 cooks and bakers to the cantonment.

Failing to be passed by the army recruiting officers because of physical disabilities, Daniel Carbajal, of Hillsboro, N. M., a Mexican American, has offered his services as a cook. "If I can't shoot at Germans I can do my bit in the war by feeding the men who will fight," said Mr. Carbajal. The application of Carbajal was signed by 20 prominent residents of Hillsboro.

LULL IN RECRUITING; MORE MECHANICS, COOKS, WANTED

There was a lull in recruiting at both the army and navy recruiting stations Thursday morning. Only eight recruits appeared for examination at the army station in The Herald building, while at the navy recruiting station Clyde Frank Brady was the only recruit accepted and sent to the training station at San Francisco.

Both the army and navy recruiting stations here have suffered almost their entire quota and the navy is limited to take but 14 recruits per week. Mechanics, cooks and skilled labor is still wanted in both branches of the service.

Women are the rulers of the land of Thiburn in the Gulf of California and the navy are made to do all the work and act as servants to their wives.

Lemon Juice For Freckles

Girls! Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing one ounce of orchard white, shake well, and you have a quart of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.—Adv.
